<http://bowesimagingcenter.com>

Bowes Imaging Center, the leading provider of diagnostic imaging in Sarasota/Bradenton, is seeking an **experienced** board certified radiologist with fellowship training in **musculoskeletal imaging** that has an interest in helping to expand our growing our imaging business.

We are looking for a unique candidate that possesses not only excellent clinical skills but an individual with leadership potential and an enthusiasm for the challenge of competing for business in a competitive radiology marketplace. Successful candidates would joining our core group of versatile radiologists that cover all areas of radiology in our outpatient practice including diagnostic mammography, dexta, MRI, and Catscan. All members of our practice work 5 days a week covering general radiology for our practice partnered with additional radiologists. Shifts are scheduled 9am-5. Radiologist must be available by phone for additional questions from referring physicians in our local area.

Starting salary and duration to partnership will be negotiable and based on experience and overall strength as a candidate. 6 weeks of vacation offered per year in addition to generous stipend for CME and Technology.

Florida license credentialing are required.
