Excellent Radiology Position

Putnam Community Medical Center

Aris Radiology, a national radiology services provider has a need for a Board Certified General Radiologist to join our community hospital-based practice at Putnam Community Medical Center in Palatka, Florida. We are looking for someone who possesses excellent clinical skills as well as has the desire to lead and grow the radiology care division.

You will have a remarkable opportunity to partner with hospital administration to engage and promote radiology services for this community.

- Daytime only, no nights and no weekend work required.
- Established hospital, supported by experienced technologists on staff.
- General diagnostic radiology services, including mammography and basic interventional work required.
- Our compensation is among the highest and best in the industry, offering base plus bonus compensation and Medical Malpractice insurance.

Please submit your CV to Janisyn McLaurin, Physician Recruiter at
