

Lake Medical Imaging & Breast Center at The Villages, LLC

Accredited by the American College of Radiology

Lake Medical Imaging is a physician owned practice of 26 board certified radiologists that has served the rapidly growing cities of The Villages and Leesburg, Florida for 50+ years. Our practice has the only free-standing outpatient centers in Florida to receive the coveted designation of "Diagnostic Imaging Center of Excellence" (DICOE Award) by the ACR. Our physicians staff 5 outpatient imaging centers, and 2 community hospitals.

Lake Medical Imaging is seeking a full-time diagnostic radiologist to join our well established practice. Applicants must be ABR board certified/board eligible, fellowship trained, and able to obtain a FL medical license.

Candidates from all fellowship backgrounds are encouraged to apply, though fellowships in Body Imaging and Breast Imaging are preferred. The ideal candidate is patient-focused and adept at engaging with referring physicians.

Both employed and shareholder track positions are available, with all radiologists in the group sharing evening and weekend call.

Lake Medical Imaging is committed to providing the highest quality, value-oriented diagnostic imaging and interventional services to patients in Central Florida. By creating a culture that embraces quality, subspecialty expertise, innovation and the development of collaborative relationships with healthcare providers, Lake Medical Imaging is able to remain focused on excellence in diagnostic imaging and interventional services.

Lake Medical Imaging offers competitive compensation, excellent benefits, and malpractice coverage.

The region offers a favorable climate year round, excellent recreational opportunities, no state income tax, and proximity to Orlando.
