POSITION OVERVIEW
Sub-specialty: Interventional Radiologist
Department: Radiology
Location: Pensacola, FL
Team: RAF

PRACTICE OVERVIEW
Florida Interventional Specialists (FIS), a dedicated subset of Radiology Associates of Florida (RAF) with 13 IRs and 2 NIRs, covering two hospitals and over 2000 beds, has added a new 560+ bed hospital in sunny Pensacola, FL. Three new rooms to be built. Unlimited growth potential.

POSITION SUMMARY
We are seeking two fellowship trained Interventional Radiologists to perform a wide range of high end IR procedures including: angiography, embolization, Interventional Oncology, ablations, UFE’s, TIPS, etc. The department performs approximately 8000 procedures annually and this is a 100% IR position. This position will be assisted by two (2) Interventional Physician Assistants.

This opportunity is a full-time, partnership-eligible position with the full range of benefits to include generous PTO, medical insurance, CME, 401K and other benefits. Call will be shared equally between the IR’s on staff.

DESIRED PROFESSIONAL SKILLS AND EXPERIENCE
- Candidates must be fellowship trained in Interventional Radiology
- CAQ certified/eligible
- Current license or the ability to be licensed in the state of FL is required
