DIAGNOSTIC RADIOLOGY PROGRAM

ABOUT THE SCHEDULE

The 2021 Annual meeting of the FRS & FRBMA will focus on intermediate-term strategies for competing and succeeding in the US radiology marketplace, with an emphasis on important trends expected in 2021 and beyond. This year's theme is "Excelling in an Ever-changing Paradigm" and each year we kick off the Annual meeting Friday morning with the FRS/FRBMA Golf Tournament. The fun continues Friday evening as our exhibitors and members come together for the popular Wine and Cheese Reception in the Exhibit Hall. We are always very grateful for the exhibitors' support and we appreciate a personal visit with the exhibitors to thank them for their continued support of the FRS & FRBMA. There are additional opportunities to interact with our exhibitors on Saturday as the breakfast and coffee break will be held in the exhibit hall, and later, exhibitors will lunch with attendees to allow for continued discussion and interaction.

The FRBMA Meeting begins on Friday afternoon with an excellent slate of recognized speakers. The FRBMA will join the FRS Diagnostic General Session on Saturday morning with an outstanding lineup of nationally recognized speakers. The FRS morning session will be highlighted by the **Lawrence R. Muroff, MD FACR Radiology Leadership Lecture** – Dr. Kent Thielen will Present "Navigating Changing Paradigms and the Covid-19 Pandemic: Perspectives of a Physician Leader". This will be followed by the **Philip S. Cook, MD FACR FSIR Strategic Issues Lecture** – Dr. Frank Lexa will present "Strategic Challenges for US Radiology: Impact of Pandemic, Recession, & Politics."

Later in the morning, Dr. Howard B Fleishon, Chair of the ACR BOC, will present the "ACR Update". On Saturday afternoon, we will have the **Steven G. Miles, MD FACR Radiology Keynote Socioeconomic Address** – featuring Dr. Lauren Golding's, presentation of "How Radiologists Get Paid Today & Tomorrow."

Also on Saturday, there will be breakout sessions for Radiation Oncology and the Resident and Fellow Sections. Our marquee event, the **Gold Medal Reception and Cocktail Party**, will be held early Saturday evening to honor the FRS Gold Medal recipient, the FRBMA Above and Beyond Award, and The LaDonna Nichols Lifetime Achievement Award recipient. Other outstanding FRS & FRBMA members will be recognized for their contributions to the practice of radiology throughout the year. The earlier time for this event allows opportunity to go out and enjoy the rest of the evening.

On Sunday, day will begin with the **Charles D. Williams, M.D., FACR Legacy Lecture and Breakfast** presented by Dr. Michael Raskin, "The Interface of Radiology and the Law; Past, Present & Future". This will be followed by the **Clinical Keynote Lecture** by Dr. Christine Menias "Imaging Findings of Side Effects of Oncologic Therapies in the Abdomen".

TARGET AUDIENCE

This CME activity is structured as a practical teaching course for diagnostic imaging physicians, radiation therapy physicians, and their business managers. It should benefit radiologists, radiation oncologists, and nuclear medicine physicians, as well as other physicians who supervise and interpret these studies.

SCIENTIFIC SPONSOR

Educational Symposia

EDUCATIONAL OBJECTIVES

Attendees should, at the completion of this course, be able to:

- Evaluate current socioeconomic issues facing radiologists, radiation oncologists and radiology business managers to prepare for change
- Learn about technology and payment trends that will significantly impact radiology over the next decade
- Learn to be a better clinician and leader.

No special educational preparation is required for this CME activity.

ACCREDITATION

Physicians: This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Educational Symposia and the Florida Radiological Society. Educational Symposia is accredited by the ACCME to provide continuing medical education for physicians.

Educational Symposia designates this live activity for a maximum of 9.25 *AMA PRA Category 1 Credit(s)*TM. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Self Assessment Modules (SAMs):

Educational Symposia has been granted Deemed Status by the American Board of Radiology (ABR). This allows Educational Symposia to develop and implement SAMs that satisfy ABR Part II MOC requirements.

RADIATION ONCOLOGY PROGRAM

ABOUT THE MEETING

The Radiation Oncology session will include presentations from both attending faculty and residents. Presentations will review important issues including recent advances in lymphoma management, personalizing radiotherapy options for early-stage NSCLC, use of MRI guided radiotherapy for abdominal tumors, evolving treatment of brain metastases in breast cancer as well as provide a practical review of head and neck anatomy.

TARGET AUDIENCE

This symposium is structured as a practical teaching course for radiation oncologists in academic and community practice.

Inaugural event

FRS Annual Meeting Radiologists Job Fair

Sunday, July 18, 2021, from 11:15 AM until 2:00 PM

In response to requests from both Florida radiologists-in-training seeking employment and Florida radiology groups seeking to hire radiologists, the FRS has created the Resident's Job Fair which is being hosted on Sunday, July 18, 2021, from 11:15 AM until 2:00 PM. which includes a catered lunch.

The Job Fair is open to all radiology, radiation oncology and medical physics residents and fellows-in-training. It is also open to radiologists who seek lateral employment opportunities. The FRS Job Fair is also open to all Florida radiology groups, be they private practice, corporate practice or academic practice and several radiology groups have already expressed strong interest in this event.

65 residents attended the 2019 FRS annual meeting, and we anticipate excellent participation by these FRS stakeholders. So plan on attending this hosted, professional, and informal venue for employment networking for present and future Florida radiology jobs.

Separate registration for the event is required and is FREE to all those seeking employment. Hiring employers interested in participating in the job fair please contact Lorraine Roger at lroger@edusymp.com for more information.
